DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 23-25 are rejected under 35 U.S.C. 102(b) as being anticipated by U.S. Patent No. 5,501,426 to Atkinson et al. (hereinafter “Atkinson”).

Atkinson shows a medical device having an interior (unnumbered), elastomeric wall 16', slit 36', outer face 10' that is entirely exposed to the exterior, and a perforation. See Figures 6-8.

Response to Arguments

3. Applicant's arguments with respect to claim 23 have been considered but are moot in view of the new ground(s) of rejection.

Allowable Subject Matter

4. Claims 1-22 are allowed.

5. The following is a statement of reasons for the indication of allowable subject matter:

The subject matter of the independent claims could either not be found or was not suggested in the prior art of record. The subject matter not found was the elastomeric wall having an outer face entirely exposed to the exterior and being essentially free of longitudinally inwardly extending projections in combination with the other elements (or steps) in the claims.

Conclusion

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a).

Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
